野外生態　攝影年展

WILDLIFE PHOTOGRAPHER OF THE YEAR

1.6.2013 – 1.9.2013

2012年度最精彩的照片及背後故事
**The most striking photos and behind-the-scenes stories of 2012**

幼兒學習活動習作

Young Childern Activity Sheet

小朋友，歡迎你參觀由香港科學館舉辦的 「野外生態攝影年展」。 今次展出的相片有100張之多，其中有動物、植物和自然風景等。 現在考考你，試圈出下列哪些動物曾出現在這次展覽中？

Welcome to the Wildlife Photographer of the Year Exhibition organised by the Hong Kong Science Museum. A total of 100 photos including animals, plants and scenery are being displayed in this exhibition. Please circle the animals which you have seen in this exhibition.
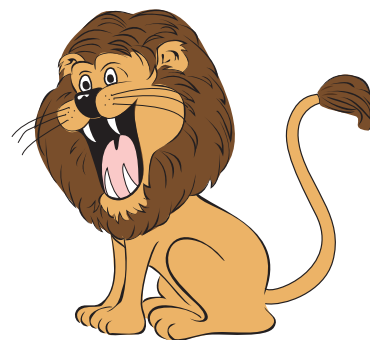

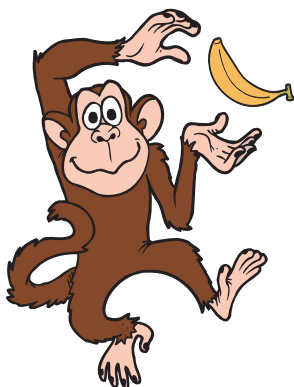

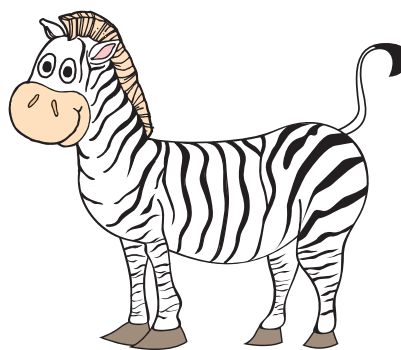

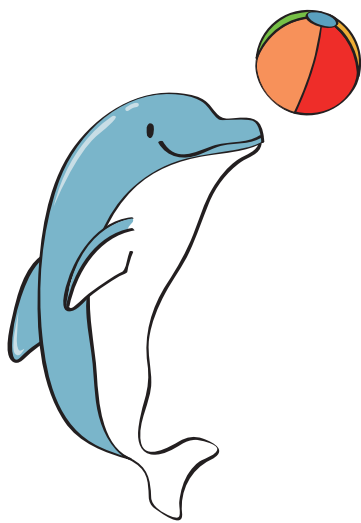

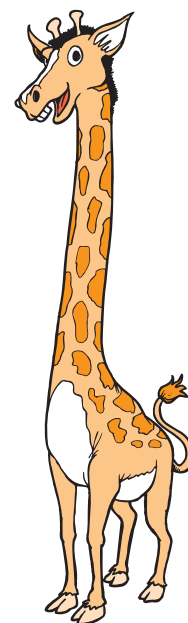

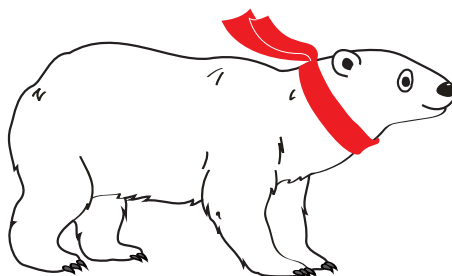

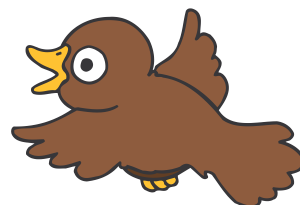

猜謎語 Riddles Time

動物都有不同的行為和身體特徵。根據這些特性， 試猜猜它們是哪種動物，並用線將它們連起來。
Animals have different behaviour and body features. Based on these characteristics, can you guess what animals they are? Please draw lines to link them up.
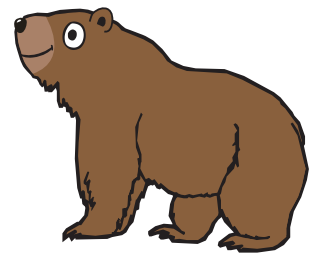

- 我會飛 I can fly
- 我不是鳥兒 I am not a bird
- 我在白天睡覺 I sleep during daytime
- 我是黑色的 I am black

- 我住在中國 I live in China
- 我是一種熊 I belong to the bear family
- 我的毛皮有黑色也有白色 I have black and white fur
- 我愛吃竹葉 I eat bamboo leaves

- 我愛吃草 I eat grass
- 我住在非洲 I live in Africa
- 我有黑白色的條紋 My body has black and white stripes
- 我長得像馬兒 I look like a horse

- 我住在森林 I live in the forest
- 我是危險的動物 I can be dangerous
- 我的毛皮是黑或棕色 My body is black or brown
- 我愛吃水果和蜜糖 I like fruit and honey

- 我有尖耳和長嘴 I have pointed ears and a slender muzzle
- 我的尾巴長又厚 I have a long, thick tail
- 我喜歡獨自覓食 I hunt alone
- 我最愛吃小動物 I eat small animals
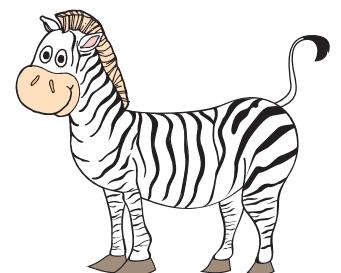

相信你對動物都有一點認識了， 那麼你又知道它們住在哪裏嗎?

試從第一頁剪出喜愛的動物，把它們貼在適當的地方，讓它們快快樂樂地生活。

Now you should have some knowledge of these animals. Do you know where they live? Please cut out your favourite animals from P.1 and stick them on suitable places so that they can live happily.

海洋 Ocean

極地 Polar Region

雨林 Rainforest

草原 Grassland

昆蟲是現時世界上種類和數量最多的動物。常見的昆蟲有蝴蝶、蜜蜂、蟑螂、蜻蜓、甲蟲、家蠅、蚊和螞蟻等等。

小朋友，試翻開圖書找找以上昆蟲的圖片，然後發揮你的創意爲以下的昆蟲加上肢體，讓它成為你獨一無二的小昆蟲吧。

In terms of type and quantity, insects are the most numerous animals in the world today. Butterflies, bees, cockroaches, dragonflies, beetles, houseflies, mosquitoes and ants are commonly seen in our daily life. Try reading books for insect pictures. Then use your imagination to add some missing body parts to the insect below to make it your unique one.
